## OTHER

### Shipping / Handling

Shipping and handling charges apply to destinations in the continental U.S. All shipments are sent by surface carrier. Call for extra charges for shipment by air. No CODs. Some items are eligible for bulk shipping discounts.

#### Please Note

- All prices and specifications are subject to change without notice;
- All prices are in US Dollars, FOB Champlain, NY;
- All brand names are trademarks of their respective holders;
- We accept VISA, MasterCard, Discover Card and American Express;
- Sales tax is additional, where required by law.

### Extended Service Contracts

myReader2, One Year Coverage ..... \$ 500

ScannaR ..... \$ 195

NOTE: Software upgrades are not included with the hardware service agreement.

### Limited Warranty on Adaptive Hardware

HumanWare SmartView Video Magnifiers are warranted against defects in materials and workmanship for a period of 3 years from the date of purchase. Other HumanWare adaptive hardware products are warranted against defects in materials and workmanship for a period of one (1) year from the date of purchase. This warranty does not apply if the product has been damaged by accident, abuse, misuse, or as a result of service or modification by other than HumanWare. All freight charges to HumanWare's office are borne by the owner; return freight to the owner will be borne by HumanWare.

### Limited Warranty on Non Adaptive Hardware

Warranties on non-adaptive hardware (scanners and other computer peripherals) are provided by the original manufacturer. Customer is responsible for contacting the original manufacturer regarding any warranty issues. Refer to the documentation provided with your hardware for more information about the warranty.

## Limited Warranty on Software Products

Warranties for software products are provided by the original manufacturer. Refer to the documentation for your product for the manufacturer's warranty statement. Only un-sealed software may be returned for credit.

## Exclusions

HumanWare's warranty may not apply if equipment is not returned in original factory packing or is damaged in transit due to use of alternate or insufficient packing materials. Approved packing materials are available for purchase from HumanWare.

## Restocking Policy

- Customers may return items in satisfactory and resalable condition within 30 days of the initial purchase.
- Items returned within 30 days in less than satisfactory condition will be charged an automatic 10% restocking fee. "Less than satisfactory condition" refers to a condition of both the product and the packaging. This includes but is not limited to: missing packing and/or packaging, damaged packing and/or packaging, scratched product, dirty product, missing peripherals (manuals, power adapters, CDs, etc.)
- Items returned within 30 days in non-resalable condition will not be accepted and will be returned to the customer. This typically refers to broken and/or unrepairable product.

**(with Suggested Retail Prices listed)**

Pico  
SU1A-2

## Description

Take a closer peek at the new Pico upgrade! You'll like what you see. Pico fits easily in your purse or pocket, and the integrated battery makes it easy to carry wherever you go. With Pico, you can read even in dimly lit areas. Pico is so small you will always want it with you—shopping for greeting cards, looking at price tags and reading on the go.

Convenience is at your fingertips! Read bills, schedules, grocery lists, receipts, menus and more in bright color, positive text (black on white), negative text (white on black) or yellow on blue modes.

Recommended by eyecare professionals for people with low vision, Pico comes with a risk-free, 30-day money back guarantee.

Living with low vision just got easier. Wherever life takes you, equip yourself with a video magnifier that goes the distance.

Retail Price: \$745

# Sunshine Pro

RB-2A

## Description

The **Sunshine Pro** offers color and auto focus in a one-piece video magnifier. This affordable desktop unit allows you to view photos, work on crafts and read books and magazines with the benefit of automatic focus. The **Sunshine Pro's** ergonomic design makes it comfortable for you to balance your checkbook, examine prescription bottles, and do crossword puzzles.

Convenience is at your fingertips:

- Auto focus with manual override in a one-piece unit
- 14" full-color monitor
- Easy-to-use contrast and magnification levers
- Incorporates the quality you expect from the Aladdin family of products

Retail Price: \$2095  
(Fo US Only)

# Aladdin Apex

GF9A-20

## Description

Part of the Aladdin one-piece desktop family, the Aladdin Apex incorporates an adjustable 17" or 20" flat panel monitor with the same color and professional features you've come to rely on. Enjoy reading books and magazines, doing crossword puzzles and examining hard-to-see objects such as pill bottles - all with the ease of the Aladdin Apex's adjustable flat panel screen. With the Apex you can raise or lower the screen, bringing the image to your eye level. Or slide the screen forward and tilt to enjoy a glare-free image at your optimum reading distance. Also, the monitor folds down providing easy storage.

Reading is made easy with this full-featured, integrated flat panel system. The Apex features 24 color select options, which offer high contrast. Line markers and shadow masking help track text. Additionally, continuous auto focus with manual override provides increased flexibility for your picture focus needs. (For US Only)

Retail Price:	\$2595	(Apex 17")
(For US Only)		

Retail Price:	\$2995	(Apex 20")
(For US Only)		

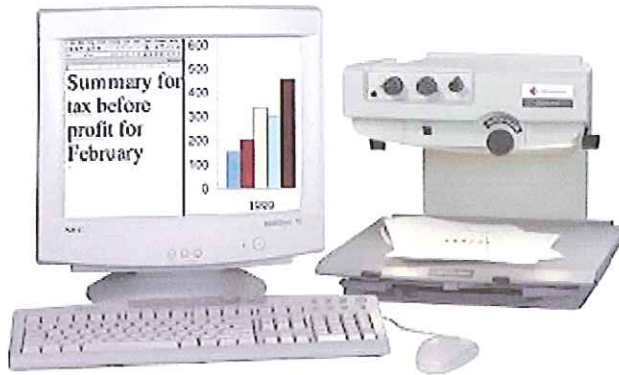

# Genie Pro

GEP-3

## Description

The newest product in our family of computer-compatible video magnifiers, the Genie Pro can

be used with most computer monitors or televisions to create a color magnification system that best suits an individual's unique viewing needs.

Using advanced technology to support multiple computer resolutions and frequencies, the Genie Pro allows a user to simultaneously view the computer image and the video magnified image when attached to a compatible computer.

This split screen mode helps create a work station environment allowing an individual with low vision to view magnified images while also reviewing information from their computer.

In addition to full color, the Genie Pro displays your printed material in high-contrast black text on a white background and white text on a black background along with offering twenty-four background/foreground color combinations to make viewing comfortable for each user.

Additionally, the user can display vertical or horizontal line markers and shadow mask to help track text and reduce glare.

This system also features an extremely large depth of field for viewing three-dimensional objects and a smooth, non-glare reading table which permits reading heavy books.

Retail	Price:	\$2895
(For US Only)		

# Olympia

MV2A-2CS

## Description

Check out the new enhanced Olympia! This powerful portable magnifier gives you the power of a desktop video magnifier, with the freedom of a portable product.

Olympia provides maximum flexibility and control-including a wide range of magnification settings, adjustable brightness, and a tilted screen to reduce glare.

Enjoy hours of reading for work, school or pleasure on the built-in 7" display. You'll want to keep the versatile Olympia with you at home or when traveling. Experience even greater magnification levels by connecting Olympia to any compatible TV monitor. And, we've included a writing stand so you can easily fill out forms, complete your homework, and write letters and checks.

Innovative viewing features and flexible settings:

- Our wide screen view and tilted screen make it easier to read and write in a variety of circumstances.
- Choose color, positive or negative text, or yellow on blue viewing mode and adjust brightness to meet your visual needs.

There is no assembly or set up required. With the carrying case, battery pack, and optional car charger you can take it anywhere.
